## Maltodextrin for tissue culture, 16.5-19.5% De

Part A

CAS : 9050-36-6

### Specifications

|   |                              |
|---|------------------------------|
| Appearance (Colour)                     | White or almost white        |
| Appearance (Form)                       | Slightly hygroscopic powder  |
| Solubility (Turbidity) 10% aq. solution | Clear                        |
| Solubility (Colour) 10% aq. solution    | Colourless                   |
| pH (20% aq. solution)                   | 4.0 - 7.0                    |
| Loss on drying                          | max. 6.0%                    |
| Sulphated Ash                           | max. 0.5%                    |
| Dextrose Equivalent (DE)                | 16.5 - 19.5% (Nominal value) |
| Suitability for Tissue Culture          | Passes                       |

### General Information

|                     |                                       |
|---------------------|---------------------------------------|
| Storage             | 8 to 25°C (Cool & Dry Area)           |
| Shelf Life          | 60 Months                             |
| IMDG Identification | Not Regulated for Transport (Non-Haz) |
| HSN Code            |                                       |
| 5 Kg                | 35051090 (GST 18%)                    |
| 500 Gms             | 35051090 (GST 18%)                    |
| Type of Packing     |                                       |
| 500 Gms             | Plastic Bottle                        |

### Available Packages

500 Gms

5 Kg
